

# ROD BASIC

REVERSE OSMOSIS PLANT DIRECT PRODUCTION

The small-sized Reverse Osmosis system,  
perfect for home use..

Ultra-compact reverse osmosis system with direct  
production and external prefiltration, non included

## PRODUCT FEATURES

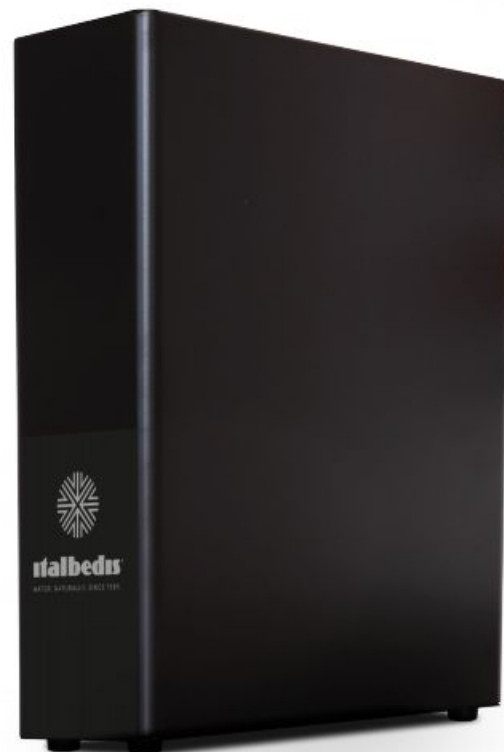

- **Dimensions:** 100x410x350 mm
- **Membrane:** n° 2x150 GPD High Flow E-MEM

## TECHNICAL FEATURES

- **Pump:** Membrane Pump Aquatec CDP 5900  
(288 l/h) made in USA
- **Pre-filtration:** External- non included
- **Absorption:** 75 watt
- **Still Water Production:** 85 l/h circa

## POWER SUPPLY

- **Voltage:** 230V
- **Frequency:** 50Hz

USED ONLY WITH  
POTABLE WATER

APPLIANCE Compliant with:  
D.M. 25/2012 - D.M. 174/2004

USABLE WITH FILTER WATER CARE  
FILTERS.
